Resolution

Central Committee
Communist Party of Peru

Peru, December 1992[1]

The Central Committee of the Communist Party of Peru fervently greets our beloved, heroic and magisterial leader, Chairman Gonzalo; the greatest living Marxist-Leninist-Maoist, great political and military strategist, philosopher, teacher of communists, center of party unification, who creatively applying Marxism-Leninism-Maoism to the concrete conditions of the Peruvian revolution has generated Gonzalo Thought, guarantee of the revolution's triumph.

The Central Committee of the PCP reaffirms itself in its plain, conscious and unconditional subjection to the sole leadership of Chairman Gonzalo and to the entire system of party leadership.

The Central Committee of the PCP reaffirms itself in the historic recognition of the 1st Congress of the Party:

> We, the members of the Congress, express our recognition of Chairman Gonzalo as the continuator of Marx, Lenin, and Chairman Mao Zedong, who has guaranteed the cohesion of the main, historic party meeting. Just as our jubilant communist greeting for having initiated and led the Marxist-Leninist-Maoist, Gonzalo Thought counter-offensive which will crush the new counter-revolutionary offensive headed by Gorbachev and Deng, and in developing it will impose Maoism as a new, third, and higher level of Marxism aiming at a new development of Marxism in service of the world proletarian revolution until communism is reached.

Today, now that our beloved leader faces difficult situations, deriving from an unfortunate work accident, we firmly assume his brave and decisive call of September 24, 1992, from prison:

> We are living through historic events, each one of us knows this is the case. Let's not fool ourselves. In these moments, we must ready all our forces to confront

difficulties and continue accomplishing our tasks and achieving our goals, successes, and victory! This must be done.[2]

And that is what our Party is doing, leading the unstoppable peoples war to conquer power in the entire country, developing a strategic equilibrium, creating more New Power, today organizing the People's Liberation Front; resolutely applying the accords of the glorious, historic and transcendental Third Plenum of the Central Committee. We find ourselves in full application of the Fourth Plan of Strategic Development of the People's War to Conquer Power and the Sixth Military Plan: "Build the Conquest of Power!," with its first campaign "In Defense of the Leadership, Against the Genocidal Dictatorship!" pulling together numerous armed actions which will fill imperialism, the big bourgeoisie and landlords with terror, as well as their revisionist and opportunist lackeys, and all their paid scribes; who in vain try to hide plain reality.

We energetically repudiate the creeping lies of the genocidal homeland-seller and the whole pack of butcher dogs; defenders of the old order who try to throw mud at the leader of the Party and the revolution. Chairman Gonzalo is the greatest example of what a communist is, and from the very beginning of the invincible people's war, he went underground and remained there for more than twelve years, in heroic, tenacious and courageous struggle, leading the revolution step by step; it is in those circumstances that his detention took place on September 12 by the "DINCOTE" snitches; But, our people should know, this detention took place with the advice and direction of Yankee imperialism through the sinister CIA (Central of American "intelligence"); imperialism that unabashedly promotes the so-called "low-intensity war" in our country.

We resolutely warn the genocidal homeland-selling Fujimori, the cowardly and genocidal armed forces that manage him, specialists in defeats and experts in preying on the unarmed masses, the ecclesiastical hierarchy, judges and bureaucrats who endorse the genocide, and their great puppet master, mainly Yankee imperialism, to answer for the life and health of our leader. Because otherwise they will pay with their lives and those of all their followers, and to their great puppet master, mainly Yankee imperialism, that they answer for the life and health of our leader because, otherwise, if something happens, they will pay with their lives and those of all their fellow men, whatever it takes. And we demand respect for the rights of the prisoners of war, demanding the pronouncement of the international organizations that are supposedly responsible for ensuring compliance with elementary conventions and legal norms that reaction itself has established and claims to respect.

We alert our heroic people so that they do not allow themselves to be confused by the black hoaxes set up by the genocidal dictatorship, which applies the "low-intensity war" dictated by its master, Yankee imperialism. That is why we condemn this so-called "law

of repentance" decreed by the genocidaires and on the basis of which they have set up all this ridiculous farce that falsely proclaims "the repentance of hundreds of subversives"; as well as supposed "massive detentions of Shining Pathists" or the "bombing and razing of Shining Pathist strongholds in Ayacucho (Vizcatan, Waripata), Huallaga, etc." We reaffirm that the Marxist-Leninist-Maoist, Gonzalo Thought people's war is invincible and will inexorably conquer victory; and this does not depend on the will of a puppet upstart who is not even sure of finishing his "mandate," nor does it depend on the will of the genocidal armed forces or that of Yankee imperialism which so many times was defeated by the same people's war. But what they want to cover up with their lies is the very serious situation in which the old state finds itself, which has no way out; what they cover up is the desertion of dozens of soldiers who are used as cannon fodder and the hundreds of casualties that the People's Liberation Army has been inflicting on it; what they are trying to cover up are the sharp contradictions that are being stirred up today between the two factions of the big bourgeoisie, which are reflected in the heart of its rotten armed forces.

We thank and recognize the solidarity and support of the international proletariat, the Revolutionary Internationalist Movement, the Communist Parties, the People's Organizations, the peoples of the world, who have raised their voice of protest and their vigorous fist in defense of Chairman Gonzalo, through pronouncements, rallies, mobilizations, and armed actions. We call to continue developing these tasks, but united to the "Long Live Maoism!" campaign.

In the Third Plenum of the Central Committee, Chairman Gonzalo said:

> Maoism, incarnating itself in the peoples of the world, marches to command the new great wave of the World Proletarian Revolution.

And in his speech of September 24, 1992, he told us:

> What do we need!? We need Maoism to be embodied, and it is doing so, and for it to go on generating Communist Parties, to handle, to lead, that new great wave of the world proletarian revolution that is coming upon us…. Next year will be the one hundredth anniversary of the birth of Chairman Mao. We must celebrate these 100 years! We are organizing it with the Communist Parties.

That is what we have begun to do because Maoism is the third, new, and higher stage of the ideology of the international proletariat and it is decisive.

Finally, we reaffirm our unshakable decision to give our lives for Chairman Gonzalo, for the Party and the Revolution. We reaffirm our firm resolution to develop the people's war to Conquer Power in the entire country, faithfully, tenaciously, and vigor-

ously applying our unfading and all-powerful ideology, Marxism-Leninism-Maoism, Gonzalo Thought.

LONG LIVE MAOISM!

LONG LIVE CHAIRMAN GONZALO!

DEFEND THE LIFE OF CHAIRMAN GONZALO!

LONG LIVE MARXISM-LENINISM-MAOISM, GONZALO THOUGHT!

DEVELOP THE STRATEGIC EQUILIBRIUM!
